SECRET

- Point 4 Housing settlement
 Two-stery houses, of which about helf were of wood. Employees of
 Zavod 659 lived here.
- Point 5 Artillery prowing grounds
- Point 6 Radie transmitter Sverdlovsk
 Three single-mast antenna 180-200 meters high. No reflectors or dipoles.
- Point 7 Railway station (Blektro-apparatnaya)
- Point 8
 Research institute
 Affiliate of the Academy of Sciences. Alley research was carried on here.
- Point 9 Technical high school
- Point 10 Sub-station
 Equipped with 35 KV step-down transformers.
- Point 11 Tractor repair shops
- Point 12 Concrete (cinder) block factory
- Point 13 Gasoline and oil depot
- Point 14 Concrete works
 A temporary installation.
- Point 15 Zavod 76 employment office
- Point 16 Zavod No. 8 gun factory

 A military installation; heavily guarded. Employed 1,000 people.

 About 150 cannons (8.8-8.5 caliber) for flew and tanks were produced monthly. The guns were taken to the proving grounds

 Point 5/ by truck.
- Point 17 Trade school No. 12
 A large, five-story building. This school was State controlled.
- Point 18 Carbine works
- Point 19 Zavod Plastmass
 Produced ash trays, plastic bags, tablecloths, etc.
- Point 20 Ball bearing factory
 I am not certain as to what work was done here.
- Point 21 Main railway station Sverdlovek
- Point 22 Grain storage siles
 Equipped with ten elevators.
- Point 23 Copper refinery
- Point 24 Copper fabrication mill

SECRET

SECRET

- 3 -

- Point 25 Area not known to me.
- Point 26 Ural-Mash-Uralsk Zavod

 A heavy industry center; in operation since 1928. Steel mill equipment, smelting and refinery furnaces, mining machinery, tanks and bulldezers were produced here. Employed 15-20 thousand people.
- Paint 27 Water tower Large, white
- Point 28 Settlement for Ural-Mash employees
- Point 29 Administration building of Ural-Mash
- Point 30 City Water supply
- Point 31 Location of Krasnaya Zvezda
- Point 32 Apartment dwelling on old Bolshevik Street I was housed in this building.
- Point 35 Copper mines and refinery
 (Due north--about five miles--at Mednyy Rudnik.)
- Point 34 Power plant

 (About 50 miles northeast at Pokrovskoye.) This plant used powdered coal. I was never here, but heard there was much complaint about dust smoke.
- Point 35 Radio zaved

 I believe that this plant was much too large to be engaged in radio production. Other work must have been carried on.
- Point 36 University
- Point 37 <u>Metallurgical works</u> Produced gray castings
- Point 38 Chemical supply factory
 A new, very large factory surrounded by a new settlement for employees.
- Point 39 Meat packing and slaughterhouse
- Point 40 Hospital
- Point 41 Old steel-rolling mills
- Point 42 Power plant

 (Two kilometers in the direction indicated.) Used peat as fuel.

 This plant had a capacity of 100,000 to 150,000 KVA. It was equipped with five or six boilers. Power lines cross/the lake.
- Point 43 V.I. Zavod

 (Approximate location.) This zavod supplied alloy steel, magnet steel, and good quality-transformer iron. (V.I. is an abbreviation of Verkhne-Isetskiy.)
- Point 44 Trade school
